AMAZON. (Gilrey) A new seedling from Australia that is outstanding. Lilac mauve with light throat. Large, \$2.00 each; small, \$1.00 each; bulblets, \$2.00 per dozen.

BILL SOWDEN. (Australia)—It would be very hard to find a more beautiful red Glad than this one. It has much finer form than Commander Koehl. Medium, 50 cents each; small, 30 cents each; bulblets, 30 cents per dozen.

BLUE DANUBE. (Pfitzer)—Originator's description: Wonderful pure amethyst blue with splendid dark blotch, making a very pleasing harmony in colors. Medium, 75 cents each; small, 40 cents each; bulblets, 40 cents per dozen.

BLUE TRIUMPHATOR. (Pfitzer)—Originator's description: Very pale soft China blue, with silver gloss, lower petals overlaid with markings of bluish purple, claimed to be the largest Glad. Large, \$2.00 each; small, \$1.00 each; bulblets, 20 cents each.

CAROLA. (Gilrey)—A very fine one from Australia. A seedling from Mrs. T. Rattray. Soft flume pink, perfection in coloring, form and substance. Large \$2.00 each; small, \$1.00 each; bulblets, 20 cents each.

COMMANDER KOEHL. (Pfitzer)—A large brilliant dark scarlet red. One of the finest reds. Medium, 30 cents each; small, 20 cents each; bulblets, \$1.00 per 100.

DREAM O BEAUTY. (Zimmer)—Originator's description: Beautiful tyrian rose. Six to ten large blossoms, of extra good substance, open at a time, self colored without blotch or markings. Strong healthy growing plant. Winner of second Antisdale special prize at Toledo 1928. Medium, 50 cents each; small, 25 cents each; bulblets, 30 cents per dozen.

ERICA MORINI. (Pfitzer)—Originator's description: This Glad is of the famous Pfitzer's Triumph type with many similarities of this successful variety. It flowers three weeks earlier, makes taller stems, has six or more flowers open at one time and is therefore considered to be a big improvement. Color is warm salmon orange to orange red. It is a healthy grower and without doubt a Glad with a future. Large, \$2.00 each, medium, \$1.50 each; small, \$1.00 each; bulblets, \$2.00 per dozen

- GRAF ZEPPELIN.** (Pfizer)—A very fine clear brilliant orange scarlet. This made the most perfect spike of all the reds I had this season. Medium, 60 cents each; small, 40 cents each; bulblets, 40 cents per dozen.
- HYACINTH.** (Australia)—An exquisitely blended cattleya, pink and creamy mauve. A fine Glad. Small, \$1.00 each; bulblets, 25 cents each.
- KING ARTHUR.** (Arenius)—An outstanding lavender. Large heavily ruffled blooms of very fine form. Large \$4.00 each; small, \$2.00 each; bulblets, 50 cents each.

- MISS F. E. WILLIARD.** (Australia)—Introduced in 1927 by Yarra at \$50.00 each; self salmon orange, fine substance. Large, \$4.00 each; small, \$2.00 each.

- PEER GYNT.** (Prestgard)—I regard this as one of the most perfect and beautiful ruffled Glads and equal to many introduced at ten times the price. I would call it a pinkish cream with yellow throat. Large \$2.00 each; small \$1.00 each; bulblets, 25 cents each.
- PELEGRINA.** (Pfizer)—Originator's description: A pure dark violet blue, two lower petals somewhat darker. This color has not previously appeared in any Glad and stands the hottest sunshine in our gardens. Before the first of the 16-18 buds open, almost all buds are showing color and this makes the spike, with its perfectly placed flowers of noble form, very attractive. There are 6-8 flowers open at once. This variety is a good grower, with special merits. Medium, \$3.00 each; small, \$2.00 each; bulblets \$1.00 each.
- PICARDY.** (Palmer)—A most outstanding Glad. One of the very finest light pinks. Makes large blooms from bulblets. Large, \$1.50 each; medium, \$1.00 each; small, 50 cents each; bulblets \$2.00 per dozen; \$12.00 per 100.

ROSE BELLA. (Pfitzer)—The finest pure pink Glad. A most beautiful pink with large wide open blooms of very fine form, on a straight spike. Large, \$2.00 each; medium, \$1.00 each; small, 50 cents each; bulblets, \$2 00 per dozen.

SALBACH'S ORCHID. (Salbach) A most beautiful lavender pink, many large blooms open at one time. Large, \$1.00 each; medium, 75 cents each; small, 30 cents each; bulblets, 40 cents per dozen.

SENATOR. (Mair)—One of Mair's five best originations. Base dark salmon, striped and blush scarlet. Large, \$1.00 each; small, 50 cents each; bulblets, \$1.00 per dozen.

THOMAS EDISON. (Kunderd)—A strong growing ruffled Glad, of finest varnished maroon color, one of very finest, if not the finest, in this class and color. Large, 60 cents each; medium, 35 cents each; small, 20 cents each; bulblets, 40 cents per dozen.

WURTEMBERGIA. (Pfitzer)—Originator's description: A very lovely scarlet color, with a broad soft cream blotch, large round flower of excellent substance and attractive shape. A first class exhibition variety, with a big future, and no doubt, one of the best mid-season Glads in existence.
